

Nicola Rossio

HOTEL

FACTSHEET

The Nicola Rossio Hotel is located on the western side of central Pombaline Lisbon, in the very heart of the capital, sharing a wall with the iconic, centuries-old Café Nicola. The hotel drinks from the inspiration and historical dimension of its magical location and the entire surrounding area.

The design of our hotel, which is located within a fully restored and adapted Pombaline building, is deeply rooted in the Art Deco geometric style used in Café Nicola - after which the hotel is named, and which opened its doors back in the eighteenth century.

The overall look has been created by materials and shapes that repeat throughout the decoration, such as walnut wood, Nero Marquina marble, and gilded brass - materials characterised by timelessness and luxury.

The entire spirit of the locale is accentuated by details within the furniture, geometric shapes, and mirrors. The sage green colour used throughout the hotel seems to have seeped out of the two imposing bronze iron statues resting in the fountains of Rossio Square, which, having oxidised over the years, provide a greenish hue. Also notable is the use of black and white. Inspired by the Portuguese paving arranged in waves across Rossio Square, monochrome can be seen echoed throughout the Nicola Rossio Hotel.

The hotel allows visitors to inhale Lisbon's identity and delve into Portuguese history as it lives on, harmoniously coexisting with modernity in the perfect option of accommodation for those who want to truly experience Lisbon.

NICOLA ROSSIO HOTEL
